FOR IMMEDIATE RELEASE:

Cleaning Technologies Group, LLC announces partnership with Unitech Washing Systems Limited

August 2020

Cleaning Technologies Group, LLC (CTG) is excited to announce that it has partnered with Unitech Washing Systems Limited out of the UK to distribute specialty washers to the United States for the food and beverage industry. The Unitech Washing Systems' team has over 75 years of experience designing and manufacturing standard and bespoke machines and has a broad and robust product line with equipment ranging from tray, pan and utensil washers, sanitizing tunnels to bulk container washers and personal hygiene sanitization stations. Considering the importance of cleanliness and sterilization in the world today we believe that this partnership will bring tremendous value to the US market. CTG has been building industrial parts washers for a wide variety of industries for over 100 years. Utilizing our experienced aftermarket sales and service teams, we plan to provide not only equipment installation services to our US food and beverage customers but also a variety of aftermarket parts and maintenance services. Learn more about the Unitech washer product lineup being offered to the US market at CTGClean.com.

Cleaning Technologies Group, LLC is a world leader in providing innovative cleaning and waste minimization technologies to precision and industrial manufacturing markets. CTG is comprised of Ransohoff located in Cincinnati, Ohio, Blackstone-NEY Ultrasonics located in Jamestown, New York, and CTG Asia located in Suzhou, China. The Group is the premier provider of high technology, environmentally friendly parts-cleaning and waste-minimization equipment and services to the global marketplace. CTG LLC is a wholly owned subsidiary of NM Group Global, LLC.

NM Group Global LLC is a holding company for a growing group of manufacturing firms with a global reach for sourcing and marketing. Founded in 2002 with the purchase of National Machinery LLC, the original holding company, and world leader in the development and manufacture of cold forming machines, process technology, and aftermarket services. National Machinery, founded in 1874, is headquartered in Tiffin, Ohio with service centers and sales offices throughout the world.
