

**FOR IMMEDIATE RELEASE:**

## **RANSOHOFF INTRODUCES NEW CLEANING SOLUTIONS AT SHOT SHOW SUPPLIER SHOWCASE.**

*December 2021 – Cincinnati, OH*

Ransohoff, a recognized leader in cleaning technology, will introduce a host of advanced cleaning solutions at the Shot Show Showcase in Las Vegas, NV on January 17 – 18, 2022. Visitors to the Ransohoff booth #52213 will see the popular Drum Cleaning System with new features, along with many more cleaning solutions.

### **High Volume Continuous Cleaning: Cup and Cases, Primer Caps and Anvils**

Utilizing both spray and immersion technology, our Ransohoff drum washers are the fast, highly effective continuous cleaning solution for cup and cases as well as primer caps and anvils, whether for pre-annealing, brightening and/or final cleaning.

### **Ransohoff Lean Jet Rotary Basket Immersion Cleaning**

These systems clean using our patented parts washing and rinsing process of agitation, spray impingement, rotation, hydraulic purging through immersion, and heated blow-off drying. This machine is ideal for small, precision parts such as primer caps and anvils.

### **Ultrasonic Cleaning: Firearm Components**

Blackstone-NEY Ultrasonics is a leading provider of precision ultrasonic cleaning equipment for firearm components such as barrels, triggers, magazines, and scopes. Our ultrasonic cleaning technology is also ideal for suppressors and silencers, considering they can be cleaned without disassembly, and at optimum frequencies to minimize erosion.
