Blackstone-NEY Ultrasonics to Unveil Innovative Cleaning Solutions at IMTS 2024

Jamestown, NY July 31, 2024

Blackstone-NEY Ultrasonics, a division of Cleaning Technologies Group and a global leader in cleaning and waste minimization technologies, is excited to announce its participation in IMTS 2024 in Chicago, Illinois. The event will take place from September 9 to 14, 2024, at Booth #338744, where the company will showcase a range of cutting-edge cleaning solutions.

Among the featured products will be the HT-IPA, an ultrasonic cleaning tank perfected for use with Class 1, Div. 1 Group D, T4 solvents. The HT-IPA is designed for small parts cleaning applications where a flammable solvent is required. Currently available in two sizes independently certified by ETL (Electronics Testing Laboratories), the HT-IPA system promises to optimize cleaning operations with versatility and cost-effectiveness.

Visitors to Booth #338744 will have the opportunity to experience firsthand the capabilities of the HT-IPA System and see how it can enhance their cleaning operations.
